STIP AMENDMENT 00S-074 NOTICE

SUMMARY

This amendment programs \$400,000 in FY 2002-03 from Solano County's Unprogrammed Share Balance towards \$9,400,000 for the environmental phase of the Route 80/680/12 Interchange Complex project in Solano County.

RECOMMENDATION

The Solano County Transportation Authority (STA) and the Metropolitan Transportation Commission (MTC) are requesting this amendment. The Department has reviewed the amendment and found it to be consistent with the Commission adopted STIP guidelines.

RESOLUTION

Resolved, that the California Transportation Commission (CTC) revise the 2000 State Transportation Improvement Program (STIP) at the end of the 30-day notice period.

STIP Amendment 00S-074
January 23-24, 2002

BACKGROUND

This amendment programs \$400,000 in FY 2002-03 from Solano County's Unprogrammed Share Balance towards \$9,400,000 for the environmental phase of the Route 80/680/12 Interchange Complex project in Solano County.

The total cost of the environmental phase for the Route 80/680/12 Interchange Complex is \$9,400,000 and it is being funded with \$9,000,000 in Traffic Congestion Relief Program (TCRP) and \$400,000 in RIP funds. The STIP programming fully funds the environmental phase of the Route 80/680/12 Interchange project.

The Route 80/680/12 interchange is no longer functionally adequate given the current traffic demand which is expected to increase after completion of the new Benicia and Carquinez bridge projects. Construction improvements to the Route 80/680/12 Interchange Complex will be performed in stages and the estimated total project cost is \$644,000,000. The scope of work will include freeway widenings, new ramp connectors, relocation of on and off ramps, and realignment and construction of new local parallel arterials.
